

Mental Health Transition to Practice Program for Enrolled Nurses

Build your Knowledge, Skills and Confidence in mental health nursing with the North Metropolitan Health Service (NMHS) Mental Health Transition to Practice (TTP) Program for Enrolled Nurses.

Why Choose NMHS Mental Health TTP Program?

NMHS contains Western Australia's largest mental health service caring for youths, adults and older adults. Services are delivered through inpatient units, community mental health clinics and day therapy and outreach programs to a catchment area of almost 1 million people.

Newly qualified Enrolled Nurses at NMHS are provided with the opportunity to consolidate their professional practice in a welcoming and supportive environment. During the program, newly qualified nurses will have the opportunity to work across a wide range of mental health practice settings, gaining a broad range of clinical knowledge and experience. Newly qualified nurses are provided with regular and ongoing clinical support through a site based preceptorship model to enable a smooth transition from student to practicing Enrolled Nurse.

Our Vision Excellence in healthcare for our community.

Our Mission To improve, promote and protect the health and wellbeing of our patients, population and community.

Our Values Care, Respect, Innovation, Teamwork and Integrity.

TTP program inclusions

- One year contract of employment
- Access to ongoing professional development days
- Supernumerary clinical practice at the commencement of each clinical area
- Excellent support from experienced mental health nurses and educators
- Rotational nursing roster (may include day, afternoon and nights)

Locations

The program will include two clinical rotations across the following sites;

- Graylands Hospital
- State Forensic Mental Health Services
- Sir Charles Gairdner Hospital Mental Health Service
