## Our Community and Our People: embedding our values:

Reflections on consumer and staff feedback are a monthly focus in addition to reflecting on a NMHS value – this month our reflections were on the value of Innovation. We also continue to note some significant NMHS good news stories. (See side panel page)

## Presentation to the Board:

- Department of Treasury – Michael Andrews and Anita Zuvella met with the Board and provided us with an overview of the Annual Budget and Mid-Year Review process as well as their reflections on how Health Service Providers in general can improve on their Business Cases and increase the likelihood of getting a successful outcome.

## Board Chair and Chief Executive update:

Updates and discussion focused on the review of current issues – COVID, demand in the system and Ambulance Ramping.

The Board Chair also acknowledged Ms Kim Farmer whose tenure with the Board finishes on the 30 June and thanked her for her invaluable contribution to the Board, not limited to her graceful emphasis on recognition of and appropriate response to our relationship with Aboriginal Australians.

## Board Committee Updates:

The minutes of each of our Committees were provided with a precis provided by each of the Committee Chairs:

These reports continue to highlight the work of the Committees and the level of demand, ongoing staffing, and budget pressures that NMHS is managing while working to maintain safe, high quality clinical care.
